## DEPARTMENT OF SOCIAL SERVICES

**Section 11.405**

**MO HealthNet Division – Pharmacy Program (Clinical Services) Management**

Book 5, page 123

This section provides funding for the contractor costs that support the Pharmacy and Clinical Services programs. Funding is used for cost containment initiatives and clinical policy decision-making to enhance efforts to provide appropriate and quality medical care to participants. The Division of Medical Services seeks to aid recipients and providers in their efforts to access the Medicaid program by utilizing contractor resources effectively.

**MO HealthNet Division – Electronic Health Records Incentive**

Book 5, page 165

This section provides funding for Missouri's MO HealthNet Electronic Health Record (EHR) Incentive program as established by the American Recovery and Reinvestment Act. The EHR Incentive program provides incentive payments for the adoption and meaningful use of certified EHR technology. These incentives are based on the provider's participation in Medicaid programs. The EHR Incentive program provides payments to eligible professionals and eligible hospitals for efforts to adopt, implement, or upgrade to certified EHR technology. Under the program, eligible professionals can receive up to \$63,750 in incentive payments over 6 years and hospital amounts are based on an established formula. The funding for this program was added to the budget in FY 2012

### Section 11.440 continued MO HealthNet Division – Pharmacy Medicare Part D-Clawback

Book 5, Page 199

This section provides funding for a transfer from the Pharmacy section for “Clawback” payments to the federal government. Part D of the Federal Medicare Prescription Drug Act requires states to pay Medicare a portion of the cost of Part D drugs attributable to what would have been paid for by the State absent the Part D drug benefit. Beginning January 1, 2006, the state is required to pay Medicare 90% of an average per person drug cost for each of the state’s full-benefit dual eligible individuals for each month.

**Legal Basis:** Medicare Prescription Drug, Improvement, and Modernization Act (MMA) of 2003.

Section 11.440 continued    MO HealthNet Division – Missouri RX Plan

Book 5, page 206

This section provides funding for the MO RX Plan under the MMA Medicare Part D Prescription Drug plan. Part D of the Federal Medicare Prescription Drug Act requires states to pay Medicare a portion of the cost of Part D drugs attributable to what would have been paid for by the State absent the Part D drug benefit. Beginning January 1, 2006, the state is required to pay Medicare 90% of an average per person drug cost for each of the state's full-benefit dual eligibles for each month.

**Legal Basis:** Medicare Prescription Drug, Improvement, and Modernization Act (MMA) of 2003.

**Funding Sources:** General Revenue, Missouri Rx Plan and Health Families Trust Fund

**MO HealthNet Division – Long-Term Care Upper Payment Limit (UPL) transfer to GR**

Book 5, page 305

This section establishes a partnership between privately owned long-term care facilities and publicly operated long-term care related services, such as county nursing homes, which allows Missouri to generate new federal revenue by having private nursing homes assume financial responsibility for publicly funded long-term care services and supports. This shift in financial responsibility frees up public funding that can be used to access additional federal matching funds. The new dollars can be used to offset general revenue, increase reimbursement to providers of long-term care and supports, as well as assist local governments to develop and maintain its long-term service delivery system.

This funding is requested to address the change in the Federal Medical Assistance Percentage (FMAP). The blended match rate changes are regular rate from 61.865% to 63.095% and enhanced rate from 73.305% to 74.170%. Each year the Centers for Medicare and Medicaid Services (CMS) revised the percentage of Medicaid costs that the federal government will reimburse to each state. The enhanced rate is paid on the CHIP and the Women with Breast and Cervical Cancer programs. The increased costs of this decision item have an equal offset in the affected program cores as core reductions.

Section 11.490 continued MO HealthNet Division – Community Health Access Programs

Book N/A

New section created by the House that provides state matching funds (50/50 State/Local Match) for Community Health Access Programs (CHAPs) focused on meeting the health care needs of their communities and reducing the costs incurred by health care providers when patients inappropriately access health care resources through Emergency Medical Services (EMS) or Emergency Departments (ED). This program will be managed by providers that either operate their own EMS or partner with a local ambulance district(s). Target population is ages 17-64 that, after receiving a full medical screening exam, are deemed to have a non-emergency medical condition that can be more appropriately treated by a primary care provider in a health care home or community resource center. Funding is for Springfield/Green County for \$500,000 and communities surrounding Christian Hospital in St. Louis for \$500,000.

**MO HealthNet Division – Complex Rehabilitation Technology Products**

Book N/A

New section created by the House that provides funding for complex rehabilitation technology (CRT) items classified within the Medicare program as of January 1, 2014 as durable medical equipment that are individually configured for individuals to meet their specific and unique medical, physical, and functional needs and capacities for basic activities of daily living and instrumental activities of daily living identified as medically necessary to prevent hospitalization and/or institutionalization of a complex needs patient. Such items shall include, but not be limited to, complex rehabilitation power wheelchairs, highly configurable manual wheelchairs, adaptive seating and positioning systems, and other specialized equipment such as standing frames and gait trainers. The related Healthcare Common Procedure Coding System (HCPCS) billing codes include, but are not limited to pure complex rehabilitation technology codes and mixed complex rehabilitation technology codes which contain a mix of complex rehabilitation technology products and standard mobility and accessory products.

This section provides funding for HCPCS codes defined by the National Coalition for Assistive and Rehab Technology (NCART) as CRT to MO HealthNet allowables as of 04/01/2010. HCPCS codes adopted after 04/01/2010 shall be reimbursed at the current Medicare allowable. Manually priced items shall be reimbursed at ninety percent (90%) of the Manufacturer's Suggested Retail Price (MSRP) for manual priced manual and custom wheelchairs and accessories and ninety five (95%) of MSRP on manually priced power mobility devices and accessories

**Section 11.505**      **MO HealthNet Division – Managed Care**

Book 5, page 355

The Division of Medical Services (DMS) operates an HMO-style managed care program, Managed Care Plus (MC+). Health plans contract with the state and are paid a monthly capitation payment for providing services for each enrollee. Participation in MC+ is mandatory for certain Medicaid eligibility groups within the regions in operation. There are three eligibility groups: (1) TANF Adults and Children, Refugees, Medicaid for Children, and 1115 Waiver Children; (2) Medicaid for Pregnant Women and 1115 Waiver Adults; and (3) children in state care and custody. Those recipients who also receive SSI disability payments have the option of choosing to receive services on a fee-for-service basis.

Funding is needed to fund an increase for Managed Care medical, delivery and Neonatal Intensive Care Unit services to ensure that managed care payments are actuarially sound. Funding is for the Eastern, Central and Western regions for July 2014 through June 2015. MO HealthNet needs to maintain capitation rates at a sufficient level to ensure continued health plan and provider participation. Federal rules and regulations require that capitation payments made on behalf of managed care participants be actuarially sound. Further, the state must provide the actuarial certification of the capitation rates to the CMS. The CMS Regional Office must review and approve all contracts for managed care as a condition for federal financial participation.

This funding is requested to address the change in the Federal Medical Assistance Percentage (FMAP). The blended match rate changes are regular rate from 61.865% to 63.095% and enhanced rate from 73.305% to 74.170%. Each year the Centers for Medicare and Medicaid Services (CMS) revised the percentage of Medicaid costs that the federal government will reimburse to each state. The enhanced rate is paid on the CHIP and the Women with Breast and Cervical Cancer programs. The increased costs of this decision item have an equal offset in the affected program cores as core reductions.

The MO HealthNet Division has implemented a Health Home provider program in accordance with Section 2703 of the Affordable Care Act of 2010. Health Home sites receive per-member-per-month (PMPM) payments for the additional services they are required to perform. Most of the primary care sites in the Health Home program are FQHC sites. Currently, Health Homes are funded at 90% federal match, which will continue through December 2013. For Health Home payments beginning January 1, 2014, the federal match rate reverts to the standard FMAP.

This funding is requested to address the change in the Federal Medical Assistance Percentage (FMAP). The blended match rate changes are regular rate from 61.865% to 63.095% and enhanced rate from 73.305% to 74.170%. Each year the Centers for Medicare and Medicaid Services (CMS) revised the percentage of Medicaid costs that the federal government will reimburse to each state. The enhanced rate is paid on the CHIP and the Women with Breast and Cervical Cancer programs. The increased costs of this decision item have an equal offset in the affected program cores as core reductions.

Funding is needed to fund an increase for Managed Care medical, delivery and Neonatal Intensive Care Unit services to ensure that managed care payments are actuarially sound. Funding is for the Eastern, Central and Western regions for July 2014 through June 2015. MO HealthNet needs to maintain capitation rates at a sufficient level to ensure continued health plan and provider participation. Federal rules and regulations require that capitation payments made on behalf of managed care participants be actuarially sound. Further, the state must provide the actuarial certification of the capitation rates to the CMS. The CMS Regional Office must review and approve all contracts for managed care as a condition for federal financial participation.
